

Brakeclean

Nulon Brakeclean (Brake400) is a professional strength product that safely removes brake fluid, grease, oil and other contaminants from all brake components.

Nulon Brakeclean has been specifically formulated to quickly and aggressively dissolve and dislodge all contaminants common to brake components. Even encrusted residue that has accumulated over a long period of use is readily dissolved and flushed away, leaving surfaces clean, dry and ready for further work.

Applications

- Brake linings
- Brake drums
- Springs
- Clutch plates
- Disc brake pads
- Wheel cylinders
- To help eliminate brake squeal
- To clean starter switches
- To clean electric motors
- To remove disc brake sealer

Note: If sprayed on car paint, wash off immediately. This product will cause paint streaking.

Directions:

To remove brake fluid, brake dust, grease, oil and other contaminants, spray parts liberally with Nulon Brakeclean and allow it to run off. Allow it to air dry or wipe off. A repeat application may be necessary. Protect rubber brake parts and painted surfaces from over-spray.

Important

- Do not use near fire or flame
- Do not puncture, incinerate or store above 50°C
- Do not place can in direct sunlight
- Use with adequate ventilation – avoid prolonged or repeated breathing of vapours and avoid prolonged or repeated contact with skin or eyes
